

Federal Court Journeys - Fighting For Freedom Against Corruption and Abuse

Charles Ford - December 29 2018

Charles Ford, my mother's husband, whose also 18 or 20 years younger then my mother. Not a father figure. I don't know him, I don't trust him, he's a stranger to me.

He started abusing me, verbally, emotionally and then financially, it was a set up long term for sexual abuse. I wasn't willing to go down that road, so I filed a restraining order on December 19, 2018.

Filed Restraining Order December 19, 2018

The Sheriffs Served the papers on December 27, 2018 at 6:55am

Charles Ford sent me on December 27, 2018 an illegal eviction notice

Civil Code 1161

These are hate crimes by Charles Ford cause me and my mother are Jewish, we're women etc etc and he's a Nazi, he's anti semitic, so that's 3 times the damages per count.

I want to say to the Sheriffs, Thank You for serving this psychotic asshole whose trying to murder my mother so he can take their assets and prevent me from getting to Federal Court ie Obstruction of Justice. Kudos to you.

I sent an email to this attorney letting him know how serious this is, in case his client either withheld facts or lied to him.

What I thought was odd was that his assistant was indifferent to Obstruction of Justice, that's an outpoint since she works at a law firm. I'm getting that nobody cares and it's ok to commit crimes cause everybody will get away with it. I'll have to get approval from Federal Court to commit crimes too so I can get away with it, like everybody else, plus my damages at 3 times per count to change my mindset, so I can become a criminal legally.
